

EDGE8® Tap Module 4-Port, Conf B (MTP-LC), SMF, 50/50 Split Ratio

CORNING

Part Number:
ETM8-50B-G

The EDGE8™ tap modules provide the same functionality as the EDGE8 connector modules with the added capability of monitoring of live traffic for various applications via the use of advanced splitter technology. The EDGE8 tap module provides significant data center space (and cost) savings by having the monitoring functionality contained within the module itself thereby eliminating the need for additional rack space.
