

EDGE™ Field-Term Cassette 12F, LC duplex, OM4, No Pigtail

CORNING

Part Number:
EDGE-CS12-AD

EDGE™ Field-term Cassettes provide the interface between the trunk cable and the LC duplex jumpers that connect directly into the electronics. The LC duplex adapters feature hinged VFL-compatible shutters that move up and out of the way when the connector is inserted. The field-term cassette contains no pigtail, but allows for field termination of bulk cables directly into the rear side of the LC duplex adapters using UniCams or anaerobic connectors. This cassette may also be used with preterminated LC trunks.

EDGE™ Field-Term Cassette, 12F, LC duplex, OM4

Specifications

General Specifications

Fiber Category	50 µm MM (OM4)
Splice option	Yes

Design

Fiber Count	12
Splice Tray Type	EDGE™ splice field-term cassette
Number of Splice Trays	1
Adapter Type Master Level	Shuttered LC Duplex
Adapter Color Front	Aqua
Adapter Type Front	Shuttered LC
Housing Type	EDGE
Panel or Module Type	EDGE
Fiber Capacity	12
Number of Adapters per Panel	6

Cable Design

Fiber Count	12
-------------	----

Design - Adapter

Housing Color	Aqua
Housing Material	Composite
Keyed adapter	Yes
Shuttered adapter	Yes
Adapter Type	LC Duplex Shuttered
Insert	Ceramic

EDGE™ Field-Term Cassette 12F, LC duplex, OM4, No Pigtail
