

K7 Splice Cassette Splice Tray 2 Slots with 2 Splitter each 1 × 16 bare fiber

CORNING

Part Number:
N541282A

The type of splice technology used (fusion or mechanical) and whether planar light circuit (PLC) splitters are required will help determine which BPEO splice tray should be selected.

- Compact trays are 5 mm in height and occupy one slot in the fiber organizer.
- Standard trays are 10 mm in height and occupy two slots.
- All BPEO splice trays accept heat-shrink fusion splice protectors of 2.4 mm x 45 mm or 2.4 mm x 60 mm (after shrinkage). For example, Fiber Closure BPEO size 1 is equipped with a 12-slot fiber organizer. If using a 5 mm tray for 12 fusion splices, the total capacity of the closure will be 144 splices.

K7 Splice Cassette Splice Tray 2 Slots with 2 Splitter each 1 × 16 bare fiber

Specifications

General Specifications

Brand	BPEO
-------	------

Standards

RoHS	Free of hazardous substances according to RoHS 2011/65/EU
