

Everon® Copper Datacom Self-Adhesive Labels one bag containing 9 colored sheets, each sheet contains 6 standard distribution panel icons plus 6 high-definition distribution panel icons plus 6 additional icons

CORNING

Part Number:
CAXCSN-00000-C001

Our new range of adhesive labels is specifically designed for the quick and reliable identification of RJ45 panel ports and terminal jacks. These labels offer a simple and effective solution for organizing your network infrastructure, ensuring optimal readability and effortless installation. Available in nine distinct colors, they perfectly match the palette used for our RJ45 patch cords, ensuring perfect visual consistency between cabling and labeling, as recommended by the ANSI/TIA-606-C standard. This correspondence facilitates the immediate identification of network uses: data, security, building management, and much more. Thanks to this intuitive color coding, maintenance and troubleshooting become faster, reducing the risk of errors and improving overall system reliability. Made with durable materials, our labels guarantee excellent long-term performance, even in demanding environments. They adhere easily to panel and socket surfaces without the need for special tools. With this solution, you optimize your network management while bringing essential clarity to your installations. Simple, efficient, and professional organization at your fingertips.

Features and Benefits

Colour Coding

9 colors available: Blue, Yellow, Red, Green, Grey, Orange, Turquoise, Black, White, identical to those of our RJ45 patch cords, ensuring visual consistency and facilitating identification of uses (data, security, BMS, etc.)

Simplicity

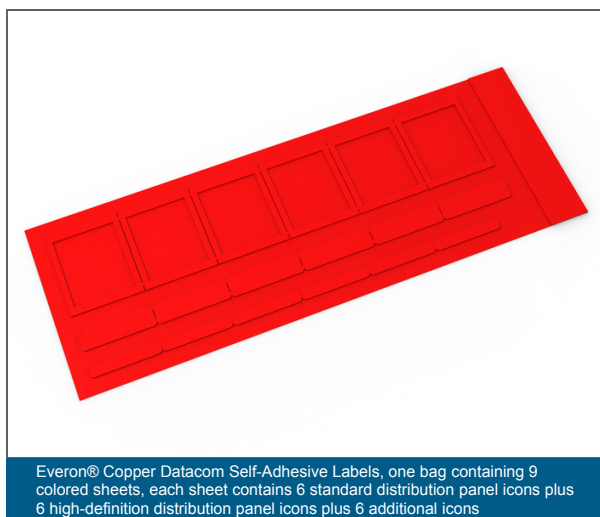

Each colour sheet has 6 identifiers for standard panels, 6 identifiers for high-density panels, and 6 identifiers for terminal outlets

Material

High-strength polyester film with permanent adhesive, designed for long-lasting performance even in demanding environments

Dimensions

Optimised format for maximum readability without obstructing connections

Everon® Copper Datacom Self-Adhesive Labels one bag containing 9 colored sheets, each sheet contains 6 standard distribution panel icons plus 6 high-definition distribution panel icons plus 6 additional icons

Specifications

General Specifications

Suitable for	RJ45 Standard and HD Panels, VOL and Keystone Terminal Outlet
Environment	Indoor/Outdoor
Halogen-free	Yes
Product type	Accessories
Brand	Everon

Standards

RoHS	Free of hazardous substances according to RoHS 2011/65/EU
------	---

Environmental Conditions

Environmental compatibility	Recyclable and free of heavy metal
Temperature range, installation	-40 °C to 70 °C
Temperature range, operation	-10 °C to 30 °C

Design

Colour	Red
Footprint	Keystone and VOL

Dimensions

Length	130 mm
Height	47 mm
