

Centrix™ Patch Panel Cassette 24 LC UPC, Left, Front access

The Corning logo is a blue square with the word "CORNING" in white, uppercase, sans-serif font.

Part Number:
CTXCA24-A9L

The Centrix™ System is a high-density fiber management system that provides a balance of industry-leading density with innovative jumper routing. The system can be deployed in multiple applications including: central office, headend, FTTx, FTTCs and data center. Centrix System supports up to 4,320 LC or 2,880 SC connector ports per standard 7-ft frame/2200 mm. The frame design provides optimized routing paths for jumpers, reducing the risk of pileup or entanglement. A single jumper length for an in-frame, cross-connect network design reduces jumper inventory.

The Centrix System is available with both rear or front cable access. Front cable access allows back-to-back frame configurations or mounting against a wall. Both frame configurations save space through increased port density.

Centrix™ Patch Panel Cassette 24 LC UPC, Left, Front access

CORNING

Specifications

General Specifications

Product Type	Centrix™
Application	Central Office, Carrier Networks, Fiber to the Premises

Standards

RoHS	Free of hazardous substances according to RoHS 2011/65/EU
------	---

Design

Adapter Type Master Level	MTP®/MPO
Cable Entry Direction	Front

Connector Specs

Polish	UPC
Connector Type	LC

Ordering Information

Product Number	CTXCA24-A9L
Units per Delivery	1/1
